Session 10

1. Wrap-up
2. Questions
3. Feedback

Wrap Up - What did we learn today?

1. RESTful FHIR API and Extended Operations
2. FHIR Technologies: Smart-on-FHIR, CSD-Hooks, etc.
3. Public Health IGs: Case Reporting and Vital Records
4. The HL7 Standard Development Process and some implementation resources
5. What/who do you need to start a FHIR project

Questions and Feedback

- Also... complaints, comments, your own experience...
- Everything is welcome
